INTEGRATION INSTRUCTIONS FOR AMAZON.

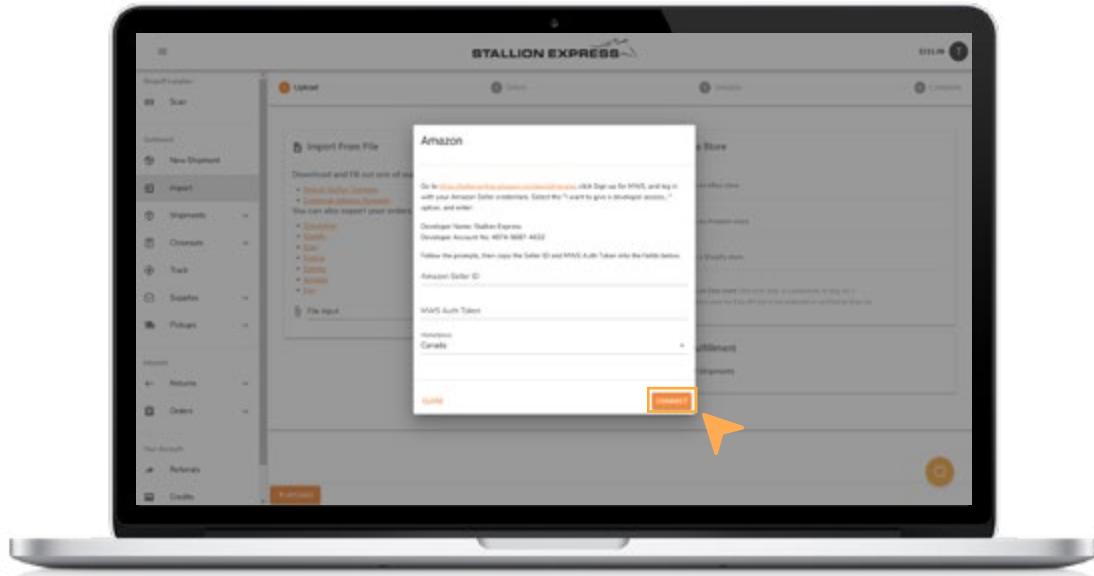

STEP 01

Go to **Import** > Click **Connect to Amazon Store**

Go to <https://sellercentral.amazon.com/apps/manage> login with your Amazon Seller credentials.

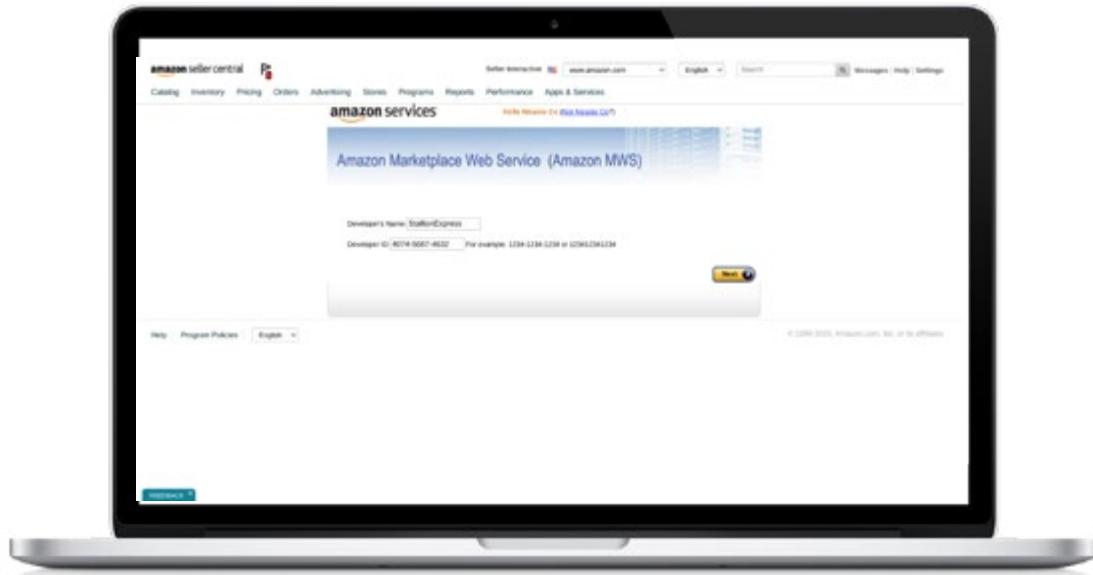

STEP 02

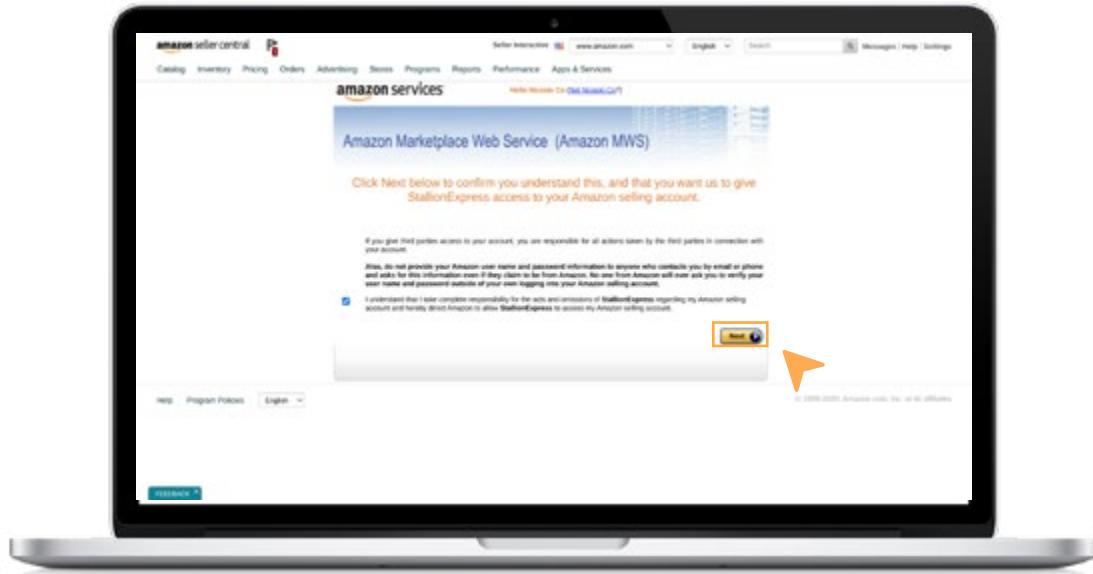

Click on the **Authorize a Developer** button and enter in the following fields:

Developer Name: **Stallion Express**

Developer Account No: **407456874632**

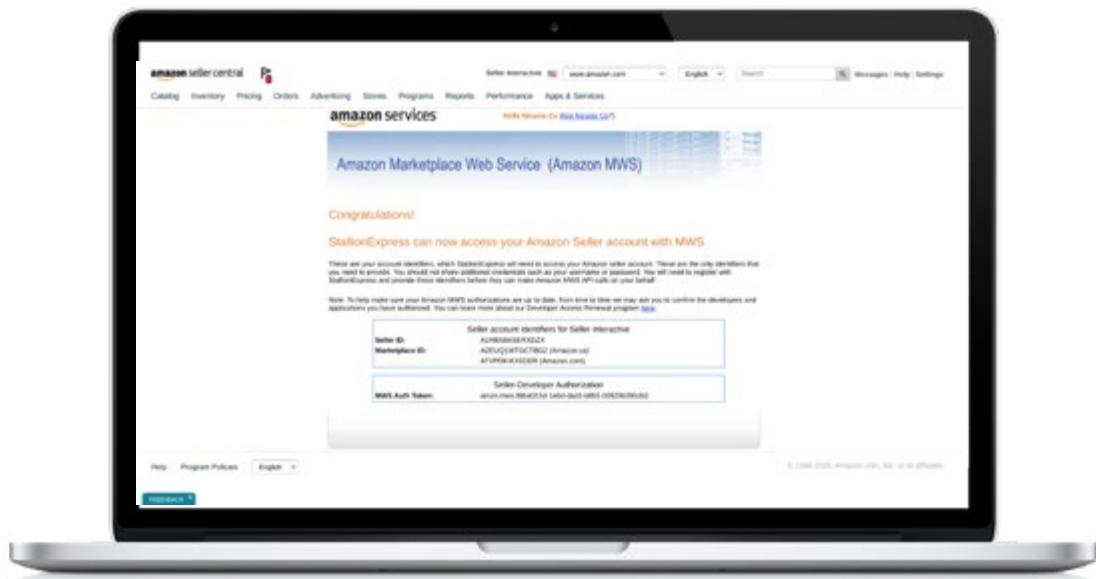

Click **Next**

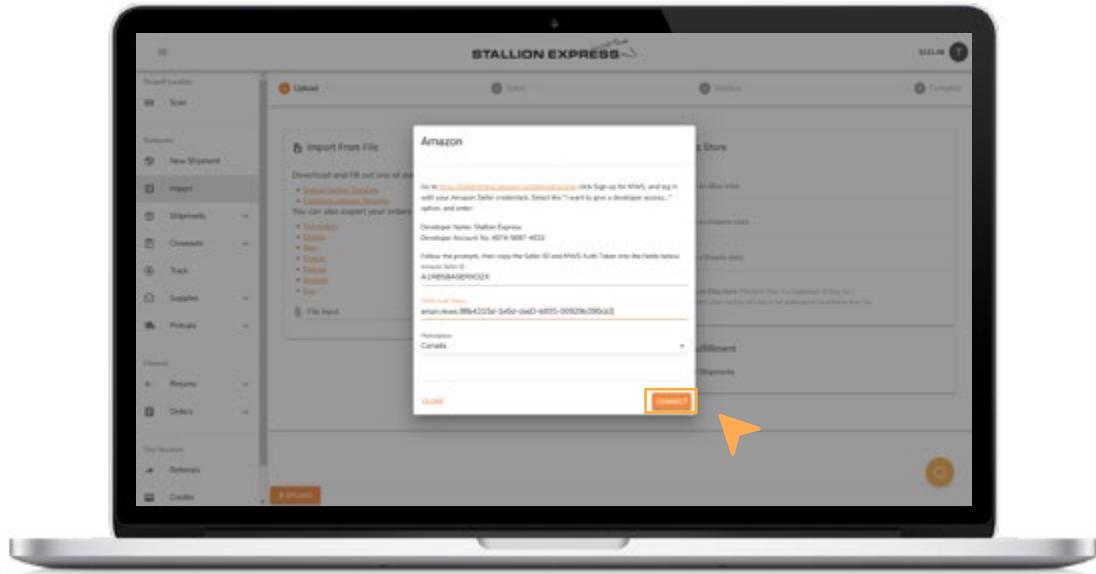

STEP 03

Follow the instructions and copy your **Seller ID** and **MWS Auth Token** to the fields back on the Stallion Express website > **Click Save**

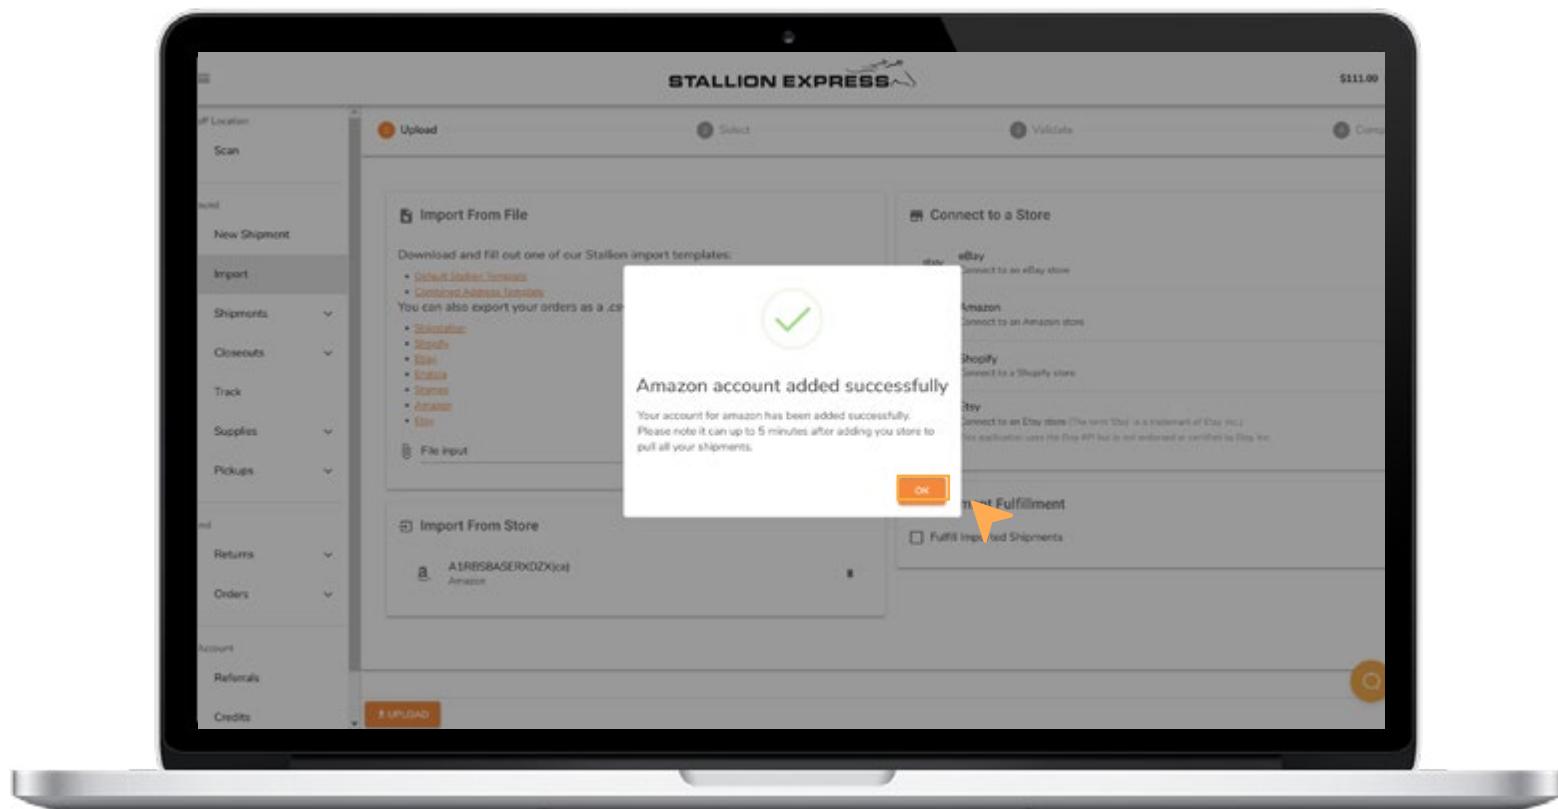

Choose your **Amazon marketplace associated to your Amazon seller account**
> Enter a nickname for your store (optional) > Click **Save**

**STEP 04**

Your Amazon account has now been **added successfully**.

STEP 05

Go back to your Stallion Express account and **click the New Amazon button** under **“Import From Store”**.
